County Road Officials Quell Uprising Among Property Owner Group Say Broadway Will Be Widened And Will Have Center Islands

By Max Goodwin

The San Diego County Road Department Friday, by sheer weight of logic, quelled what was perhaps the last uprising among Broadway property owners against the proposed widening of Broadway. The improvement will be a four-lane thoroughfare with 18-foot center islands. It is now two-lanes with no left-turn accommodations. Officials said the same type of road will be installed in the center of Lemon Grove and that the entire sweep of Broadway, from College to Sweetwater would "look exactly the same."

The meeting brought out more than 20 property owners and five representatives of county government including Supervisor David W. Bird, of this district.

The meeting ran a stormy three hours in the board room of the Southland Savings and Loan Association under the auspices of the Lemon Grove Chamber of Commerce, but when Chamber President Bill Parker called for adjournment, there was little question but that Broadway will be made an 82-foot roadway laid on a 100-foot right-of-way. One group had sought a 62-foot road without islands.

County Road Commissioner David Speer had no difficulty in defending the need for four lanes and center islands. He said the center island installation would be in the best interests of motorists and business places all along Broadway, including the central business district, too. The roadway and parking area there is 175 feet wide.

The first section of Broadway improvement will end at the east at Olive Street, forming a bottle-neck from there to Imperial. Broadway east of Olive will be left as a two-lane street until some action is taken on a proposed 1911 Act Road Improvement District petitioned for by property owners from Olive to Kempf. Speer said no work could be done on that part of Broadway until the request for the road district is "killed." This could be done by interested property owners, or by the supervisors if it was felt interest

The DIMMER VIEW

by MAX GOODWIN

The probable closing of the Justice Court in Encinitas by consolidating it with the Municipal Court in Oceanside revives some of the traumatic sufferings we experienced when the County Board of Supervisors closed down the Justice Court in Lemon Grove two years ago, and at which time Justice of the Peace Luther N. Hussey was automatically elevated to the rank of Municipal Court Judge, a position he still holds.

The major difference in the Encinitas court case is that the citizens of that area are being given the luxury of a public hearing in the Supervisors' chamber Tuesday. The closing of the Lemon Grove Justice Court was much simpler. John Dail, a Lemon Grove insurance man and a dabbler in politics who represented himself as being from Encanto, spoke for the consolidation. At least that is what the official transcript of the Supervisors' records of that fateful day on August 6, 1957 say.

The Supervisors closed the local court upon the blandishments of the aforementioned and upon the request of the San Diego (city?) Taxpayers' Association in the interest of economy, but they faced an awful row when right-minded citizens of Lemon Grove and Spring Valley learned of the decision.

Lemon Grove and Spring Valley was realigned with the El Cajon Court District because the citizens here wanted no part of the downtown court system.

Two years later, just two weeks ago as a matter of fact, the supervisors released a list of figures showing that the eight Justice Courts in San Diego County are now viewed as extremely profitable. They operated last year at a profit of \$82,162 more than they cost. Due to inflation, the steel strike, or something, the four Municipal Courts in the flatlands area operated at a deficit of \$6,939 during the same period, they say.

Of course these figures are as fallacious as the platform on which the Supervisors stood when they closed our local court. First, Judicial Courts handle short, high-income producing hearings such as traffic cases. The administrative personnel charged against the Sheriff's Department. Municipal Courts handle certain civil and criminal cases involving long hearings in which revenue to the court is seldom a consideration. Additionally, Municipal Courts cover their own expenses for personnel such as marshals and the like. You can no more compare the expenses of the two court systems than you can apples and oranges.

On this type of income-producing comparison, Judicial Courts appear to be little gold mines.

There is more than income involved in the courts of our land however. There are the matters of service, of dignity, of capable personnel and distance that must be traveled by the citizens. These citizens, I am sure, want to feel the same faith and trust in their courts as they do in their doctors of medicine and the pastors of their choice.

The economy feature of the Court Reorganization Act of 1950 can be used, as it was in the case of the Lemon Grove Court, to close a facility, or it can be used, as it is being done in the case of the Encinitas, National City, Escondido, Fallbrook, Jacumba, Coronado, Ramona and Vista Judicial Courts to keep them open. The decision ought to be on the basis of service to the people rather than biased revenue figures.

The court problem is a simple one when it is not compounded by politics. The solution to giving dignified, honest and professional court services to the people of the land is to consolidate all courts. Give these courts, if we must, the title of Su-

Welbaum Resigns; Sees 'De-emphasis' On Sports Program

Superintendent Says Only Seeking Balance With 'Education'

Tom Welbaum, athletic director at Mt. Miguel High School, resigned last week and asked reassignment to "some non-athletic" position after the football season is over.

Lewis F. Smith, superintendent of the high school district, said that the district probably would comply with Welbaum's request for reassignment.

Welbaum charged that the district is "de-emphasizing" sports, that players do not have enough of the proper equipment, and that coaches receive no pay for coaching duties after 3 p.m.

Smith said that there is no move toward de-emphasis on sports and insisted that he (a former athlete) believes in a strong athletic program. But, he said, the district is seeking an appropriate balance between its educational and athletic programs.

He said that the schools' "first concern" must be with the educational program "before we seek top athletic and other extracurricular activities."

Welbaum has been a football coach in the Grossmont district for seven years and has been in the coaching profession for 18 years.

His resignation came almost simultaneously with a protest from Mt. Miguel parents who claimed that the school district is de-emphasizing sports by proposing to join with the San Diego city schools and St. Augustine high school in a separate section of the California Interscholastic Federation.

Smith said that the Grossmont district's joining the new section will not have such an effect. He said that the district will have protection under the by-laws of the section so that it will not be "outvoted" by the city school district.

One of the protests made by the Mt. Miguel parents was that the CIF move would force the schools into afternoon games. Smith denied this, saying that there are plenty of facilities for night games under the new set-up with Aztec Bowl being added to the Gillespie Field and Helix High facilities already available. He said that bleachers proposed for Mt. Miguel High School would further reduce the need for afternoon games by adding one more night facility.

School Board OK's VLM Grounds Job

The Lemon Grove School District Board of Trustees Monday night approved the architect's plans for the \$25,000 site development project at the Vista La Mesa school, and approved an audit report of school equipment by the firm of John R. Sterrenburg, CPA.

Architect Clyde Hufbauer said the job could be completed in 60 days. Superintendent Byron Netzel set December 14 at 4 p.m. as bid opening time.

The work includes grounds improvement, concrete work and fencing.

No action was taken on the auditing firm's suggestion that all school district equipment be listed on electronic punch cards.

The meeting was a bob-tailed one with only two members present. Trustees Ambrose and Lange were ill and Trustee Buckner's wife was in the hospital. The two items above were approved by telephone to make a quorum vote.

The rest of the 16-item agenda was discussed and most of it carried over to the next meeting.

Coordinating Council Sets Monday Meeting

The Lemon Grove Coordinating Council will meet at 7:30 Monday in the auditorium at Lemon Grove Junior High School, according to the Rev. E. Walter Smith, president.

Further discussions of the proposed recreation district will be held, the Rev. Smith said.

Dr. Peter Shea demonstrates new portable dental unit with the help of Jackie Miller.

Dentist Patents Portable Unit With Aid of Fire Extinguisher

A Lemon Grove dentist and a Lemon Grove fireman have teamed up to produce a "portable dentist's office." It may bring relief to 20,000,000 people in this country who are unable to get to a dentist's office because of illness or injury.

Dr. Peter Shea has been granted a patent on a device which weighs only 38 pounds, yet contains all the equipment necessary for most dental work.

James Sanchez, Lemon Grove fireman, did the engineering work and put to use the carbon dioxide fire extinguisher as the motive power for the dentist's drill.

According to the 40-year-old Dr. Shea, there has been a need for years for some way to do dental work in hospitals and rest homes where it is difficult to move a patient from a bed or wheel chair.

"A lot of times," he said, "we have to pull some elderly person's tooth simply because there is no way to get that person to the dentist's office where we can repair the tooth."

"Now, we have a portable unit that we can take right to the bedside."

"I will help the 20,000,000 people who couldn't be helped before."

The new unit developed by

Dr. Shea and Sanchez uses a compressed gas which runs the turbine which in turn operates the drill.

A tank of distilled water is connected in such a way that a touch of the dentist's toe on a button sprays water around the drill to cool it and to carry away the tiny fragments being cut from the tooth.

The toe-button operates solenoid switches which balance the air pressure and the distilled water. The solenoids get their power from an ordinary 110-volt house current.

Dr. Shea said that he is negotiating with a manufacturing company for producing the portable machines. He said that there are three air-powered drills on the market now and any of them can be used with the new machine with just a simple change of connections.

Local U.F. Drive at 63 Percent of Goal

The United Fund this week heared the three-quarter mark in its annual campaign on behalf of 97 health, welfare, and social service agencies locally and elsewhere in San Diego County.

In Heartland Division, campaigners had raised \$45,826, or 63.21 per cent of a \$72,500 quota, according to Robert G. Simoneau, division chairman, of a \$2,000 goal.

The residential campaign is the "door-to-door phase of the United Fund's county wide campaign on behalf of 97 community health, welfare, and social service agencies.

The Lemon Grove area is composed of six elementary school districts. They, and their chairmen, are: San Miguel, Mrs. John Seal, 2295 McKnight St.; Golden Avenue, Mrs. D. Cooke, 3185 Washington St.; Vista-La Mesa, Mrs. Ray Bullock, 3528 Citrus St.; Monterey Heights, Mrs. J. Sawyers, 7515 Zemeo St.; In San Altos and Palm Avenue

districts, Mrs. Neil Zitren, Lemon Grove residential chairman, directed the campaigners. In addition to being the first area in the Heartland Division to make its quota, Lemon Grove was the second area in the entire county to reach this peak on behalf of the agencies depending on the United Funds one big drive.

Reports early Tuesday showed the big drive had raised more than \$2,200,000 of its "authentic" goal.

Jack Lovejoy, countywide campaign chairman, pointed out that seven major contributors, who last year accounted for almost \$450,000, are still to make gifts this year.

Supervisors Okay December 22 Vote On New District

No Public Notice Required for Filing, Supervisors Advised

SAN DIEGO (CNS)—Petitions for candidates for director of the proposed Lemon Grove Recreation District must be filed by Nov. 22, but no published notice of the time limit will be given.

The County Board of Supervisors decided Tuesday that the election should be held on Dec. 22, as requested by local residents and proponents of the district. However, this election date does not give time to publish notice that nomination petitions must be in 30 days before the election.

Bertram McLees Jr., the assistant county counsel, told supervisors that they do not have to publish notice of the filing date for nomination petitions.

McLees also said that protests have been made to the county counsel's office that "not enough time is being allowed." He stated, however, that supervisors have fulfilled all their legal obligations for giving notice.

The board then approved a resolution calling for an election on Dec. 22.

Earlier, the County Boundary Commission approved the new boundaries of the proposed district, with Spring Valley removed from the area. Only the part of the original district that is west of Sweetwater road remains in the proposed Lemon Grove Recreation District.

Fire Damages Home, Kills Pet Parakeet

Fire of undetermined origin caused an estimated \$5,000 damage this week to the home of Mrs. Betty Leach at 2424 Washington St., Lemon Grove.

Firemen were summoned at 8 p.m. Monday when a neighbor saw flames at the living room window of the Leach house. No one was at home at the time.

A wall between the living room and the dining room was burned, a picture window was broken by the heat, a sofa was destroyed, and the entire house was damaged by smoke.

A pet parakeet died in the fire. Earlier, on Sunday afternoon, firemen extinguished a blaze in a garage of an unoccupied house belonging to Carl Olsen at 3685 Citrus St. The fire was discovered by a motorist driving down the freeway adjacent to the house. It did only minor damage.

Another fire, which did an estimated \$50 in damage to a garage and suitcase, already was out when firemen responded to a call on Saturday at the J. C. Wallace home at 1333 69th St.

Schrade, Hegland To Be Marshals Of Band Jamboree

Assemblymen Jack Schrade and Sheridan Hegland will act as grand marshals for the Autumn Band Jamboree at 8 p.m. Saturday in Aztec Bowl at San Diego State College.

Marching bands and specialty corps from Mt. Miguel, Grossmont, Helix, El Cajon and El Capitan high schools are to perform.

Grossmont High School District bands placed first, second and third in the United Nations Day parade in San Diego recently, with El Cajon's band—under the direction of Benton Minor—winning a bid to represent San Diego in the Tournament of Roses parade in Pasadena this New Year's Day.

Tickets for the jamboree can be purchased from any band member or band parent or by phoning any of the high school offices.

perior Courts, then establish courtrooms in sufficient areas to provide the utmost service for the citizens who use them rather than locating them for the convenience of the lawyers and judges.

It should be noted that qualifications for Superior Court judges are the same as for Municipal Court judges and that cases are designated to one type of court or the other by the degree of the charges by the plaintiff. At least three states in our country are now studying a single court process. We have found few persons in the legal profession opposed to such consolidation.

A pretty good picture of the amount of money being spent on county roads became evident this week, as it does once a month, when the State Controller's office released income figures for the Highway Users Tax Fund for October 1959.

Those who use California roads contributed 30 1/4 million dollars for road use last month.

Of this total \$20 million goes into the State highway fund; \$7 1/4 millions goes to the various counties, and \$3 million goes into the State Highway Fund for Cities.

Of the \$30-plus millions garnered last month by the State, \$27 1/2 millions came from gasoline tax; \$1 1/2 millions came from diesel fuel and 1 1/4 millions came from the Department of Motor Vehicles.

Among the state's 58 counties, San Diego drew the second largest amount from this fund for a total of \$356,961. By way of comparison, Los Angeles was tops with \$2,390,251 income; Alameda was third with \$331,965 and San Bernardino was fourth with \$261,499. Alpine County was 58th and got \$6,384.

Lemon Grove and Spring Valley, until recently, haven't shared well in the income pie. The first major breakthrough was when the freeway (Highway 94) was built in 1957. Then came the improvement of Imperial in 1959. Campo Road, which will be part and parcel of the extension of the freeway development east of Lemon Grove, and Broadway in Lemon Grove, are in the works and should get underway next year or soon thereafter.

Presenting these figures are neither in the form of criticism nor approbation. They are simply facts by which you can decide for yourself whether your community is getting a fair shake in the distribution of the Auto Users Tax Fund, a mighty fund among tax income giants.

The County Board of Supervisors' decision about Broadway in Lemon Grove in determining what kind of improvement should be made should be viewed against the background of a visit we had with our own supervisor, David Bird, recently.

Bird was in Lemon Grove to attend a soiree the Chamber of Commerce had set up in connection with the official opening of the Imperial Avenue improvement in the area where it bisects Broadway.

He squawked loud and long about the present-day cost of road improvements. He said it is getting so the road itself is the least expensive part of the projects in inhabited areas.

In the Imperial Avenue case, the contract for the 8/10ths of a mile stretch was \$191,000. The county had to pay \$250,000 for rights-of-way acquisition for the improvement. Drainage was a problem and this added another \$131,000 to the cost. Total cost \$572,000. The alarming fact is that road itself cost only 33 per cent of the total.

I asked Bird about the eventual improvement on Broadway which will be extensive and expensive and he looked downright distressed. "We've got to put in a road that will serve the motoring public adequately," Bird said. Rights-of-way acquisition and drainage costs will put it among the more expensive of county road projects.

"We have to approach a major project such as Broadway from two directions," he said. "First, we've got to put in a road adequate for a growing community . . . one that won't come back to haunt us in a couple of years. This will take considerable money. Then we've got to hurry it along because property values in Lemon Grove are growing by leaps-and-bounds. Every few months the ratio of 'other costs' to 'roadway costs' gets larger."

And what he didn't have to tell us is that every month the traffic on Broadway gets heavier.

SPEER SPEAKS

David K. Speer, county road commissioner, addressed the Lemon Grove Taxpayers Association on Monday night.

He traced the history of the county road department from 1850 when the county was created down to the present and discussed the dispensation of the highway users gas tax—which pays for construction and maintenance of county and city roads and streets.

Mary Mehlberger

Queen Crowned At Mt. Miguel Homecoming

Mary Mehlberger, senior at Mt. Miguel High School, was chosen over four other candidates Friday to reign as Homecoming Queen at the school.

She was crowned at ceremonies between halves of a football game between Mt. Miguel and Grossmont high schools on the Helix athletic field. (Mt. Miguel won 20-12).

As part of the Homecoming activities, the school held an open house for alumni during the day, showed the "old grads" such additions to facilities as Mat, the redwood matador, symbol of the school; the new bulletin board in front of the school, and the football field which now has turf and lights.

After the football game — at which bands and specialty groups performed — a homecoming dance was held in the Mt. Miguel gymnasium. (Guests doffed their shoes to protect the polished floor).

Journalism Group At Mt. Miguel Gets UCLA Ratings

Nine second-year journalists and their advisor, Mrs. June Mott, represented Mount Miguel High School at UCLA's Journalism Day. Those students attending were Brenda Priest, Roberta Christy, Nola Richter, Merrill Whitehurst, Billie Porter, Charlene Liman, Corey Stepek, Elwood Mott, and Andrea Tolbert.

Edward A. Dickson Journalism Day — 1959 began at 8:30 a.m. October 31 with the largest turnout in the eight-year history of the event expected by the officials of UCLA, hosts.

Applications from 2500 students and advisors from 120 junior colleges and high schools, representing 180 student publications throughout Southern California, were received, according to Harry Morris, director of publications for the Associated Students of UCLA. This broke the previous attendance record of 2200 set last year. Mount Miguel sent 9 second-year journalists to the event, bringing home 4 superior ratings, 3 excellent, and three average on the pre-judged papers.

Dickson Journalism Day, co-sponsored by the Associated Students and the UCLA Graduate Department of Journalism, was named in honor of the former chairman of the University of California Board of Regents after his death three years ago.

Two perpetual trophies, given to the outstanding high school and junior college newspaper in each year's competition, were donated and presented by the late regent at UCLA's first Publications Day in 1952.

Haas Gets Fire Station Renovation Job For \$22,248

The Lemon Grove Fire Commission accepted the bid of Raymond Haas, a Lemon Grove contractor, for adding an office space, a dormitory and a recreation room to the present fire station facility on Central Avenue. The decision was reached Tuesday night at the regular monthly commission meeting.

The bid was for \$22,248.00, the lowest of eight bidders. V. J. Dorman, District counsel, said the cost was within \$102 of the amount of money budgeted for the project.

The board also revoked all prior fire district rules and regulations and substituted a new set which has been developed by Assistant Chief Fred Dixon. The new set of rules clarifies the duties and responsibilities of the department and its personnel.

County Road Officials Quell Uprising Among Property Owner Group

(Continued)

in the road district was dead. Supervisor Bird said the supervisors will kill the request eventually. Speer said he thought it ought to be killed "soon unless there is a resurgence of interest" with a firm agreement for providing rights-of-way.

Included in the county group were Howard Taylor, chief of plans and surveys; Jimmy Finch, chief rights-of-way agent, and Paul Fowler, county traffic engineer, each of whom discussed his part in the project.

Taylor said grades for the new road would be tailored to existing ones. The roads will vary in altitude as much as 18 inches from one side to the other to accommodate lateral grades and to keep cut and fill to a minimum. A maximum of 18 inches of grade change from the road to property lines, a distance of nine feet, will keep all grades slight, he said.

Fowler, the traffic expert, said lights and turn offs are being engineered to handle the growing traffic density.

He said traffic at present on Broadway is like this: 14,000 cars a day pass Massachusetts and grows to 16,000 at Buena Vista (except Saturday when the count is 20,000). Additional signals will be installed at West, Buena Vista, Kempf and Sweetwater. Left turn pockets will be installed at every intersection where intersections are square.

Rights-of-Way Agent Finch, who has been attempting to buy rights-of-way along Broadway for the improvement, told the group the county is required by law to "pay a fair market value plus any severance damage." Broadway property sales have been few, he said, but a sale last month to a Lemon Grove realtor

was at the rate of \$1.73 a square foot.

Finch said he wanted to correct an impression that the county paid "fantastic" prices for Imperial Avenue property when the road improvement was made several months ago. The highest price was \$2 a foot but most of the rights-of-way were at less than \$1. The county paid the railroad \$85,000 for a long strip at an average rate of 35 cents a square foot.

Jackson Ammons, leader of opposition to the 100-foot right of way and to the center island installation, charged that no other community was made to suffer left-turn islands. He also charged that replacement property couldn't be acquired for parking at the same rate of pay the county was offering. Speer told him that National City, El Cajon and University Avenue was "isolated."

Speer said property owners could form parking districts under State "enabling acts" and could acquire property by condemnation just as the county could do.

Speer also said that the project could go to bid in 90 days if the right-of-way work was completed quickly. The road could be built in 60 to 90 days, he said.

Dave Bird said he would see that Broadway was not torn up during the Christmas holidays rush.

A meeting has been arranged by the Lemon Grove Chamber of Commerce with owners of property between Imperial and Kempf to help decide what disposition should be made of the Road District petition. The meeting will be held Friday at 9 a.m. in the board room of the Southland Savings and Loan Association building at Broadway and Main streets.

Spring Valley PO Expands Quarters

Due to the tremendous growth of Spring Valley, additional quarters have been taken over by the Spring Valley post office. About 800 square feet of additional space one door west of the present post office is now being occupied for use of the carriers.

Dale Wilhelm, assistant Spring Valley postmaster, who is in charge while Mrs. Mildred Moran is in Washington attending a convention, said that the post office now occupies about 1,200 square feet. The new portion is in the room formerly occupied by a cleaning establishment. The cleaners have moved two doors west.

The Spring Valley post office now employs seven regular carriers and three sub carriers, three regular clerks and two sub clerks.

Dueen Watkins, Scout Worker, Dies at 47

Funeral services for Dueen Watkins, 47, of 3632 South Barcelona St., Spring Valley, were held at the Pacific Beach mortuary Wednesday. He died at his home Nov. 6, apparently from a heart attack. Interment is scheduled for Monday morning in Ft. Rosecrans National cemetery.

A native of Texas, Watkins had lived in Spring Valley about six years. He was a retired Navy chief. Active in Boy Scout work, he had been with S.V. Boy Scout Troop 47 for three years. He had resigned as Troop committeeman just prior to his death and was to receive his three year pin on Nov. 7. Boy Scouts of Troop 47 were present at the services.

Survivors include three children: Alta M., Michael P. and James Watkins of Spring Valley; his mother Mrs. Jessie Palls of Pacific Beach and a brother, Guy Palls.

Total scores for competing schools were: Mount Miguel 20; El Capitan 10; Helix 7; Sweetwater 5; Grossmont 3; and El Cajon 0.

Matadors Tromp Grossmont Eleven In 20-12 Homecoming Day Scramble

By Bill Ott Jr.

The Mt. Miguel Matadors, led by the flashy running of Dave Enos along with Eric Lindsten, rolled to a 20-12 victory over the highly rated Grossmont Foothillers Friday night, the eve of the Miguel Homecoming at the Helix High field.

Grossmont kicked off to the Matadors and the Matadors received the ball deep in their own territory, but three plays later the Matadors fumbled the ball with 2 minutes gone in the first quarter, and one play later the Foothillers' Don Hamlin scored from 2 yards out to give Grossmont a 6-0 lead. The PAT kick attempt failed. The Matadors began a drive down field and Dave Enos went over for the first Miguel tally of the game on a 10 yard jaunt around left end. Dick (the toe) Schwab booted the important PAT and the Matadors jumped to a 7-6 first quarter lead.

The Miguel defense held the Foothillers scoreless in the second quarter of play, but the Matadors scored another touchdown when junior right halfback Dan Zastoupil smashed the Foot-

hiller line from 4 yards out to put Miguel ahead 13-6. Schwab's PAT attempt failed. Mt. Miguel went into the halftime intermission holding a 13-6 edge over the fighting Foothillers.

The Mighty Matadors launched another scoring drive in the third quarter and Eric Lindsten scored the Matadors' third tally on a 1 yard plunge. Schwab again added the PAT to give the Matadors a 20-6 lead going into the fourth quarter. Grossmont held the Matadors scoreless in the fourth quarter, while they marched downfield and hit paydirt on Don Hamlin's second 2 yard plunge of the evening. The PAT attempt was no good, leaving the score at 20-12 when the final gun sounded.

Enos thrilled the crowd throughout the evening with his broken field running and long gains. Twice Enos intercepted Grossmont passes while on defense. Dave picked up 122 yards for the evening, carrying the ball 19 times for a 6.5 average per carry.

The Matadors picked up 12

first downs while yielding a mere 4 to the Foothillers.

The victory placed the Matadors in a two-way tie for third place in the Metro League. The Matadors meet El Capitan Friday night at Helix High. Kick off time is slated for 8 p.m.

COLT LEAGUE

All parents of boys in the Spring Valley area who are 15 or 16 years old are being invited to attend a Colt League meeting at 8 p.m. next Wednesday at La Mesa Junior High School. Officers will be elected.

Sixteen Teachers Attend Session In Mission Valley

Sixteen teachers from Lemon Grove School District spent a full day recently attending the eleventh leadership conference of the San Diego County Teachers Association. Held at the Stardust Hotel in Mission Valley, the meeting covered several phases of education.

On hand to contribute and to learn were Rick Stammerjohn, Mrs. Barbara Hughes, Mrs. Frances Thompson, and Bob Sargent, Vista La Mesa School; Jack Lemmer, Margaret Lemmer, Harry Weisgerber, Louis Poluzzi, and John Winterhouse, Lemon Grove Junior High; and Douglas Giles, San Altos School.

Also Mrs. Nancy Tuthill, and Mrs. Locky Palermo, Golden Avenue School; Jim Grandjean, San Miguel School; and Bill Whitley, Mrs. Gladys Jones, and Mrs. Mary L. Dawson, Monterey Heights School.

Highlights of the program were addresses on legislation as it affects education, by Arnold Wolpert, West Coast Director of the National Education Association, and Assemblymen George Crawford and Jack Schrade, San Diego County legislators.

Fourth Graders 'See Stars'

Everyone in Mrs. Dorothy Geisler's San Miguel fourth grade saw stars when the class visited the San Diego State College Planetarium recently. Traveling by private cars at night, 52 interested star-gazers, including pupils and parents, made the trip.

The class witnessed the 24-hour cycle of the sky, constellations, a moon eclipse, a galaxy, the Milky Way, planets, shooting stars, sun spots and comets. Not only did the tour provide the students with a practical background for future sky studies but it also was good fun for children and adults.

Parents who furnished transportation and accompanied the group included Mmes. J. L. Medeiros, R. S. Mann, V. D. Riska, B. F. Sedgwick, G. O. Withem, R. G. Holderer, R. A. Iseli, J. A. Martin, and Barbara Williams, student teacher. Also in the group were Mr. and Mrs. Emlyn E. Owens, Mr. and Mrs. J. W. Sele, and Mr. W. P. McGreg-

Lemon Grove (Calif.) REVIEW
November 12, 1959 Page 5

DOROTHY DIGS
in the garden

Watch your pansy bed. These colorful little plants sometimes suffer from what is popularly known as "Pansy Wilt". Actually, on most occasions when you find one or two pansies dying every day and still can detect no signs of insect infestation or other causes, the trouble is UNDERGROUND.

Wireworms and other underground pests take their toll by injuring the tender roots of the pansy plants so that they gradually sicken and die. You can eliminate this evil without much difficulty. I use a copper-ether product to disinfect the soil in which the plants are growing. If the pansy plants are wellwatered a few hours before treating the soil, they will have absorbed all the moisture they want and will not disturb any of the other content, but will go on blooming merrily, freed of their underground enemies. This treatment will be effective on other plants as well.

November is an excellent month in which to start a new compost pile and I think there is nothing finer than compost for adding humus to all alkaline soil.

Some people save grass clippings and add them to their compost piles but there is a definite danger of fungus in this practice. Actually, grass clippings are nothing but water and there is very little beneficial material in them. However, if you like to make them part of your compost, add soil sulphur occasionally, spreading a layer of agricultural sulphur over the entire compost pile. This will offset fungus danger and hasten decomposition.

Fallen oak leaves and pecan leaves are beneficial since both contain tannic acid. Many things can be added to your compost pile . . . including grapefruit, old tomatoes, cabbage, grape seeds and rice hulls.

Always keep your compost pile clean by disinfecting it occasionally with a copper-ether disinfectant.

Final Retail Careers Meeting Set For Tuesday

San Diego County's observance of Careers in Retailing Week will be reviewed for more than 500 school faculty members and retailers at a meeting November 24 in the House of Hospitality in Balboa Park.

Dr. Gerald K. Sharkey, Careers in Retailing Week general chairman who made the announcement, said retailers and educators from high schools, junior colleges and colleges throughout the county have been invited.

The meeting originally was scheduled as a kickoff event on Nov. 12 but was shifted because of a conflict of dates, Sharkey said. It will start at 3:30 p.m.

George A. Scott, president of the Walker Scott Co. and national chairman in Retailing Week, will be the principal speaker. He will talk on "Retailing—America's Number One Career Opportunity."

Careers in Retailing Week was observed through Nov. 21. Its purpose is to acquaint young persons of high school and college age with career opportunities available to them in the retailing field. Sharkey said the Careers in the Retailing Committees which is sponsoring the observance hopes eventually to develop a year-round program of tours and seminars for young persons.

Furniture Factory Opens in Grove

Lemon Grove's newest industry, a low cost furniture factory, has opened for business. It was started late last month by Ken-ny Holmes who purchased Carmody's Cabinet Shop at 7672 North Avenue and converted it to the bedroom furniture field.

Renamed Ken-Bar Manufacturing Company, the firm employs eight persons in production, plus a sales and administrative staff. Items now on the production line are 3, 4, 5, 6 and 8 drawer chests, book case headboards, bunk beds, commodes and book cases.

Holmes operated Harbor Furniture Company in Lemon Grove for two years until last year. It is now Bowen's Television.

The property is being renovated as the production line grows. All sales will be at the wholesale level, Holmes said.

Palm Avenue PTA To Visit County Ed. Center By Bus

"Us on a Bus" might be the theme for Palm Avenue's PTA meeting this week on Thursday when the membership boards one for a tour of the county's Department of Education Service Center. Breaking away from the traditional type meeting of business, program, and refreshments in the school auditorium, this group plans an evening outing for parents.

Following a short business meeting at the school, the members will travel by private, chartered bus to Rosecrans and Pacific to the center for a special guided tour of these school facilities. Approximately seventy-five adults will enjoy a complete description and first-hand examination of the center under the direction of Ralph A. Taylor, acting director of the audio-visual department.

Services to be viewed include the regular film and book library housed there. Lemon Grove contracts with the county to supply these teaching aids to its classrooms, thus enabling elementary students to utilize materials which could not otherwise be provided.

Sorority Plans 'Masterpiece' Annual Event

Alpha Omicron Pi sorority (San Diego Alumni Chapter) will hold a "Masterpiece Auction" at 6:30 p.m. next Thursday at the home of Mrs. Louis Poluzzi, 322 S. Bonita St., Spring Valley.

This event has become an annual November tradition ever since Mrs. Bruce Robinson first suggested the idea to the group.

Each member displays her creative talent in handcraft, sewing, or baking by bringing whatever she has prepared for the auction. The proceeds go to the sorority's fund for philanthropic work—included in which is the San Diego Hearing Society.

When the annual meeting is held in the Poluzzi home, the group has traditional pizzas for dinner. This specialty has become a must when Mrs. Poluzzi entertains the San Diego Alumni Chapter of Alpha Omicron Pi sorority.

Co-hostesses will be Mrs. Perry Seely and Mrs. Hele Wright. Fifteen new members will be welcomed.

Counseling Service To Be Given At Foothills CCPT

"The Bridge of Understanding—Parent and Teacher Cooperation" will be the topic which a three-teacher panel will discuss at the November 19 meeting of Foothills Secondary Council, California Congress of Parents and Teachers. Teachers involved will be Miss Pearl McLean, Mrs. Margaret Lemmer, and Craig Warner. The council will meet at the Spring Valley Chamber of Commerce Building, 9050 Memory Lane, Spring Valley, at 9:45 a.m. Hostesses will be from Lemon Grove and Spring Valley junior high schools, and Mt. Miguel High School.

For 45 minutes prior to the meeting, counseling will be available for the following unit members: Membership, Founders Day, Honorary Life Membership, Corsages, and Legislation. Mrs. Robert Wilken, registration chairman, will lead a discussion group on the junior college question. Mrs. Wilken has made an extensive study of this subject and will help clarify some of the problems involved in establishing a junior college district.

Units are requested to bring displays of Christmas decorations to the council meeting. Mrs. Kenneth Kleager will take these displays on to the November Ninth District meeting.

Membership in Council continues to climb and currently exceeds 8,000. Lemon Grove and La Mesa Junior High Schools both have passed the 100 per cent mark.

'Open House' Celebration Set For Local Good Will Stores

The two Goodwill Industries stores in Lemon Grove will hold an "Open House" celebration all day Friday to show local residents the size, scope, and quality of their local retail outlets, according to Dr. Myron Insko, director of San Diego Goodwill.

"We just want to folks to come in to see us," he said. The facility at 3488 Main St. has been converted almost exclusively to clothing and small hardline items. The new store

at Grove and Imperial features furniture and books. A two-person industrial department has been added there recently.

Punch and cookies will be served to all visitors Friday.

Goodwill Industries, a nonprofit organization designed to give a chance rather than charity, to those who need it, employs 210 persons in San Diego County.

Once Over Lightly

by Don Wilson

"Come on, Wonnie go gosey tore."

It was Paula, speaking to our nine-months old son, Ronnie, and she was informing the poor little guy that he was about to go with her to the grocery store.

Ronnie just grinned because he enjoys riding around in one of those shiny wagons, looking at people and knocking grocery items off the shelf.

But I grimaced.

I hate to go grocery shopping with my wife. She attacks the shopping problem with the same vigor and interest that most women approach the problem of preparing for a high society ball.

Paula gets a bigger kick out of spending a couple of hours in a super market than she would out of a weekend at Monte Carlo.

But I hate it. I hate the apparently aimless wandering back and forth through the store, peering at prices and looking for bargains.

And besides, I don't get to ride in a shiny wagon.

By the time we have crossed the store about fifteen times, my feet hurt and my sacroiliac seems to be about six inches out of line.

I'm the efficient shopper type. I like to decide ahead of time what I am going to buy. Then I dash into the store, find what I'm looking for, pay for it and get the heck out of there.

Not Paula.

She sometimes has a grocery list, but seldom uses it.

She goes in, puts Ronnie in the seat of one of the basket wagons, goes over to say Hello to Bill the man in the Produce De-

partment. They discuss apples and lettuce and the weather and potatoes and prices and such things. And then Paula heads for the meat department—without buying apples or lettuce or potatoes or anything else in the produce department.

She goes through the same routine with the butcher, without buying any meat. Then she chats with the girl at the lunch counter, and the man who is putting butter and milk in the ice box.

By this time, I am exhausted and Paula hasn't bought a thing.

Then she goes to one end of the store puts a few cans of vegetables in the wagon, goes clear across the store for coffee, heads back to the aisle next to the vegetables and gets cans of baby food, then goes back to the produce department and stocks up on fresh vegetables, then goes back to the canned vegetable end of the store again and buys paper napkins and stuff.

From there, she heads for the meat department and buys the meat, then crosses back to near the coffee shelf for bread, then back to the milk dept. next to the meat counter.

By his time, I am so worn out that I can't keep up. I slump against the frozen foods counter and wait.

Pretty soon Paula comes breezing by, Ronnie cooing and gurgling and knocking things off the shelves.

I fall into line and Paula sends me off to pick up some crackers—right next to where she already has picked up the coffee and the bread.

After an hour or so of this,

World War I Vets to Meet Monday Night

Foothills Barracks Number 1774, Veterans of World War I, will hold a grand rally at the Spring Valley Chamber of Commerce Hall, Memory Lane, Monday at 8 p.m. All World War I veterans and their wives are invited to attend. A new bill HR 7650 has been passed by the House and Senate and signed by the President. This bill is of vital interest to all World War I veterans as will be explained at the meeting. The organization is introducing a bill to pension all World War I veterans at the rate of \$100 a month. This bill will be introduced at the next session of Congress.

I drag myself over to the check stand and sit on a pile of boxes.

Then Paula and Ronnie race up to the check stand.

"I hate to go shopping with you," Paula says. "You always rush me too much. I never have time to look around."

I mutter under my breath and pay for the groceries.

On the way out of the store, we pick Katy (our nine-year-old) up.

For the past two hours she has been sitting quietly in the magazine section.

"Guy darn," she says. "I didn't even have time to finish the book."

Supervisors Miffed At Rising Price On Incinerator

SAN DIEGO (CNS)—A Phoenix, Arizona manufacturer's continued boosts in the price for an incinerator for the Spring Valley Sanitation District have exhausted the patience of the County Board of Supervisors.

The Board voted to tell the Sa-Del Co. to sue if it wouldn't accept \$5,813 for an incinerator that the county agreed a year ago to buy for about \$3,500.

The original agreement was verbal, and the company then reported that the price would be \$1,000 higher. After some protests, the county found itself legally bound to accept the higher price.

But the price has gone up each time the Supervisors approved an agreement with the Phoenix firm. The Board's refusal was to meet a demand for a \$450 bonus due to increasing costs. As the incinerator is reportedly already manufactured and stored in a local warehouse, Board members said they couldn't see how manufacturing costs could be higher.

The manufacturer, Supervisors were told had directed his attorney to get \$5,917 for the incinerator, or sue the county. He reportedly will ask for \$2 per day for each day payment is delayed.

Attention All Parents

Student Guidance: Tests and Testing

By Dr. Edward C. Roebler
EDITOR'S NOTE: This is the fourth in a series of articles on student guidance. Others will appear in subsequent editions of this newspaper.

Have you ever been caught in a situation where you would like to have a quick, easy solution to your problem? If you have, you are very much like the rest of us.

If you would like to see what parents sometimes want, you might be interested in reading the mail of a vocational counselor.

"We have a boy who isn't doing so well in school. We were wondering if you would test him. Maybe tests would help him and..."

"Do you give that test which tells a person what he is best suited for?"

"Could we have an appointment for testing. We don't have much time? Could you do it in an hour some morning?"

"I've been out of college for ten years and am beginning to wonder whether I ought to change jobs. Do you have a test that might help me?"

"Could you help us to settle an argument? My husband thinks our seventh grade daughter is real bright. I think she is just a good normal youngster. Could you give her an I.Q. test so he'll stop bragging about his genius?"

One thing stands out in each request. All of them felt that tests would in some way solve their problems in a hurry.

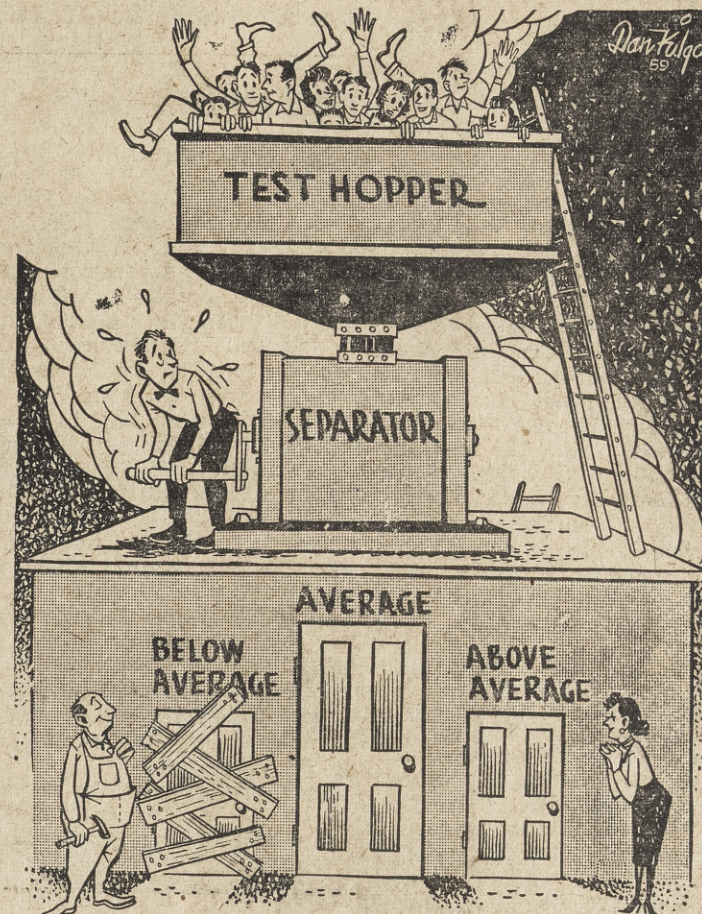

Some tests are directly related to vocational guidance. Other tests are helpful but only indirectly related to career planning. In either case, it becomes important that every parent know something about tests and what part they play in educational and vocational planning.

The beginning of standardized tests go back a good many years. The first test was designed to help pick out children who needed a special kind of training. Both world wars gave a push to the development of testing. Today there are hundreds of tests, testing to some extent such characteristics as interests, intelligence, scholastic aptitude, personality, achievement in skills or school subjects, mechanical reasoning, space relations, clerical aptitude, and many others.

Tests are only tools. They can be used by the amateur, confusing both students and parents. Or they can be used by the professionally trained person, enabling him to help both students and parents.

Ordinarily students and parents expect too much from tests. What then are some of the things which parents should know about tests?

Tests at best are only samples of what a person can do or how he feels about something. A test of how well one can do arithmetic cannot cover every possible arithmetic problem. In building such a test, it is necessary to pick out a few arithmetic problems which separate

those that know something from those that know very little about arithmetic.

If a test is a sample, it is important to remember that a single test may not always show a student's skill with arithmetic. The sample for some reason or other may be a poor one for some students.

On the other hand, if several similar tests show the same trend, we can have more faith in the samples and especially if the same trend continues over a period of time.

Interest inventories, when given to an adolescent, are good examples of tests, which can show abrupt changes. A very unusual experience may cause a drastic change in a student's interests and test results.

The way in which tests are given to groups of students may also have something to do with the results. A student's attitude toward intelligence tests may cause scores to differ from time to time. Students may "clutch up" when given this type of test. Some may not want to take the test in the first place. These are just a few of the problems to be considered when trying to make sense from test scores.

Tests never make decisions for anyone. They merely give bits of information which have to be viewed in the light of previous experiences.

The value of a college aptitude test is increased when it is compared with school marks. Test results and school marks may or may not agree. In either case, the test results become meaningful for students as they have a chance to talk them over with a counselor or a teacher with special training and skills.

The importance of counseling as a part of understanding tests and their results is all too often overlooked by students and their

parents. This "talking it over" gives meaning to the tests. For this reason, the mailing of tests results to students, even though accompanied by explanations, is not a very good practice.

Interpreting tests is tricky business, requiring far more knowledge than most people imagine. The I.Q. or intelligence quotient, for example, creates some real problems. For some reason, a child's I.Q. within the average range is a curse to some parents. They forget there are a lot of average people in the world. And many of them assume very important responsibilities.

Anytime you strike an average, some people by definition are going to be above that mark and some below.

Sometimes parents forget that test results may vary over a period of time. Johnny's parents found out that his I.Q. was "only 95" when he was in the fourth grade. In their minds this number grew way out of proportion to its value. They even made some remarks about his ancestors. Although actually within the average range, Johnny was treated from that time on like a moron. He even began to believe it himself.

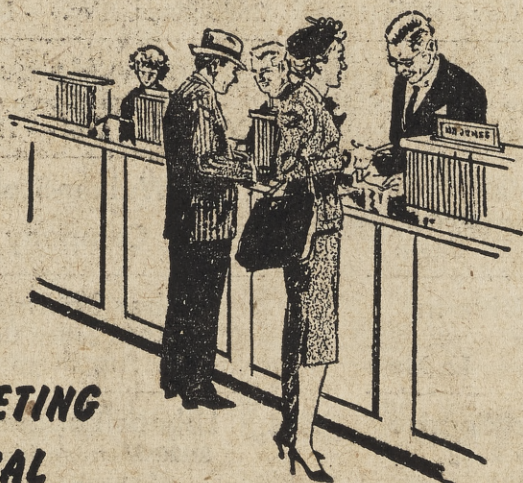

Not until someone took time to check once again in the tenth grade did they discover that another test gave different results—and there is no magic in the results of a single test of any kind.

These are but a few of the common errors which students and parents make when given little or inadequate help with test results. By this time, parents might feel that tests are not valuable. This attitude is probably correct when the school does not provide counselors or specially skilled teachers who can help them get meanings from tests.

Rainbow Girls Plan Dinner

Lemon Grove Assembly, Order of the Rainbow for Girls, are busy planning a fried-chicken dinner for their fall money-making project. Besides the dinner, the girls will have a bazaar, full of beautiful Christmas gifts. The date has been set for Saturday, November 14, from 5 to 8 p.m. at Friendship Hall in Lemon Grove. Tickets may be purchased from Janice Hill, 8108 Mt. Vernon Ave., chairman of the dinner.

The Rainbow Girls, under the leadership of Kathy Sileneck, Worthy Advisor, recently had a pot-luck dinner for the girls and their families and an initiation in which five new girls were initiated. Their most recent fun project was a come-as-you-are breakfast held at the home of Margie and Bev Holsclaw.

Other projects in the future will be a trip to Disneyland, dances, and skating and bowling parties.

RADIOMAN PRAISED FOR SALVAGE JOB

WESTERN PACIFIC (Spcl)—Charles H. Hickenbottom, radioman second class, USN, son of Mr. and Mrs. Lawrence Hickenbottom of 1525 Koe St., Lemon Grove, and husband of the former Miss Edith E. McCabe of Long Beach, serving aboard the minesweeper USS Pledge, operating with the U.S. Seventh Fleet in the Western Pacific, received a letter of commendation in early October for his performance of duty in helping to salvage a submerged "Thor" missile. The Pledge acted as a floating base for personnel and equipment during the recovery of the engine and component parts of the missile, and, for accomplishing the assignment in a remarkably short period of time under adverse weather conditions, was commended by the Commanding General of the First Missile Division.

Mt. Miguel Students Studying Esperanto

Under the direction of Gerald Newall, language teacher, a group of Mt. Miguel High School students has begun the study of Esperanto, an international language. This is one of the few groups of this type composed of high school students in the country, and possibly the only one in Southern California.

Esperanto was created, by a Polish physician, Dr. Zamenhof in 1887. The language is comprised of elements from many modern European languages, and features a fairly small number of root words from which related words are formed by adding prefixes and suffixes. "The

grammar of Esperanto consists of only sixteen rules, to which there are no exceptions—something which any modern language student will appreciate," stated Newall. Esperanto is now spoken and used in correspondence by more than five million people in 80 countries.

A translation of Esperanto is "one who hopes". It was conceived so that all peoples could communicate by language, and by a language not tinged with nationalism.

Newall stated that "it is valuable as a foundation course in language and is very useful for travel anywhere in the world."

Throwin' the Bull

by Bob Turnbull

Quotesville: Dan Duryea—"A Classic is a picture that costs \$5,000,000; an epic is a \$5,000,000 picture that goes \$6,000,000 over budget!"... Dennis Hopper, now under non-exclusive contract to M-G-M, does some scorching love scenes in a back seat of a car with Susan Harrison in their co-starring film "Key Witness." So fiery they had to be reshot. Before coming to America with the Miss Universe contest as Miss Denmark, Evy Norlund, who co-stars in "The Flying Fontaines," a Columbia release, was a top fashion model in Copenhagen.

THE VEGAS SCENE

Joe E. Brown's first night club appearance was at the Hotel Tropicana on November 11. He co-stars with Dorothy Shay... The Tomma Jean Trio are currently in the Lounge at the Sahara Hotel.

Judi Meredith, co-star in the "Hotel de Paree" teleseries, is going wild decorating her new Beverly Hills apartment. Fantastic taste, too... I had a ball working with Olive Sturgess, Dick Gering, Chris Robinson, Hal Cooper, Gretchen Geng, Tammy Windsor and others in the current "For Getter or Worse" series at 2 p.m. on CBS-TV.

FILMLAND CASTINGS

Marianne Gaba in "A Piece of Paradise" segment of the "Johnny Staccato" series; Steve Rowland in "Teenage Killers" seg of "Congressional Investigator"; Dianne Cannon in "Life & Death of Legs Diamond" for Warners; Gail Hillson in "The Jazz Singer" for NBC-TV; and congrats to Dick Dovalos, the brother of James Dean in "East of Eden," now featured in Columbia's "All The Young Men."

James Darren plans to finish all pic commitments in order to attend the Winter Olympics Games in Squaw Valley... Film NOT-To-Miss - Before-It-Leaves-Town: "North by Northwest." Until tomorrow, Vaya con Dios!

Farm Census Set For November 18 In So. California

The Bureau of Census will begin the 1959 farm count in Southern California November 18, reports E. C. Moore, University of California farm advisor. It is expected that the findings will reveal many changes in our agriculture from the time of the last census, which was taken in 1954, probably greater than any similar period of time in our history.

The bureau plans to mail copies of the agriculture questionnaire to farmers about one week before the census starts. Enumerators will visit the farms to give assistance in filling out the form. Information supplied by an individual to a census taker is confidential.

SETBACK VARIANCE WINS APPROVAL

SAN DIEGO (CNS)—A variance to permit a dwelling 42 feet instead of the legal 50 feet, from the center line of Vista Drive, Spring Valley, has been approved by the County Planning Commission. The variance was required because the residence is already erected and was constructed closer than permitted to the street through an error of the contractor and the county inspector. The applicant for the variance was James B. Neiswonger. L. R. Weibel, owner of property nearby, protested the commission was just "trying to get the inspector off the hook."

Scout News

Summer camp fees and dates for 1960 have been approved by the council executive board, according to a report last week the San Diego Scout headquarters. Mataguay Scout reservation and Camp Hual-Cu-Cuish will have a ten weeks season, starting June 19. King Creek Ranch will have a six weeks season, starting June 19. Fees will be the same as last summer.

Cost at Mataguay will be \$15 per Scout per week, and will include everything except personal gear. At Hual-Cu-Cuish two plans will be offered. 1—will be \$14 per Scout per week and will include hall feeding. Troops will furnish their own tentage. 2—will be \$5 per Scout per week. Troops will furnish their own equipment and food. The above fees will include a \$3 registration fee per Scout. The King Creek fee will be 25 cents per person per day. Troops will furnish their own camping equipment and food.

Troops may make their summer camp reservation now by applying at Scout headquarters and paying their troop reservation fees. For Mataguay and Hual-Cu-Cuish the troop reservation fee is \$15. This may be used to pay the \$3 reservation fee for five Scouts.

As each additional Scout decides to go to camp, his registration fee of \$3, which is part of his total camp fee, must be paid. The troop reservation fee for King Creek is \$5 and may be applied to the total camp fee.

The fee for the National Jamboree slated for July 22-28, 1960, will be less than \$200, it was learned last week. Russell Kliegel, council camping and activities chairman, says a package plan has been developed.

Kliegel said the plan enables the council to make the low fee possible. He said it will cover all expenses except uniforms and spending money. The package plan is based on chartered bus transportation to and from the 2,000-acre Jamboree site near Colorado Springs, Colo.

Many outstanding side trips are being planned. Already nearly 40 boys have made reservations by entering their applications and a \$10 reservation deposit at Scout headquarters.

To qualify for participation in the Jamboree, Boy Scouts must be 12 years old as of Jan. 1, 1960, and at least second class by the time of the Jamboree. Explorers must show evidence of three months tenure as of July 15, 1960. The Jamboree is one of the highlights of the Golden Jubilee year of Scouting.

A joint meeting of Cub Pack and Boy Scout Troop 325, sponsored by the First Baptist Church of Spring Valley, was held at the Palm Ave. Elementary School on October 30. Highlight of the evening was the rechartering of the Pack and the Troop. Institutional representative Howard Thomas accepted the charter from Loyd Peters, field Scout executive of the San Diego headquarters. The Cub charter was turned over to Cubmaster Roy Cones, and the Scout charter to Scoutmaster Pee Wolf.

Singing, skits and refreshments took up quite a bit of the evening. Cubmaster Cones announced the following activities for Cubs: Nov. 14, to the San Diego zoo; Nov. 20, Pack meeting; and Dec. 22, Christmas party (no Pack meeting in December).

Bobcats welcomed into the Pack were: Gregory Gavott, Richard Hensley, William Kramer, Tommy Tagg, Craig Siever, Frank Gilbert, Michael Chresmal and Michael Wake.

Awards given (Cubs): Jan

Wolf, 1 year pin; Marita Clark 2 year pin; Howard Kota, 1 year pin; Alan Clark, Wolf badge; Danny Kirkman, Den chief cord; Billy Atkinson, Denner stripes.

Boy Scouts: Larry Johnson, Tenderfoot badge; Alan Meneley, Tenderfoot badge; Jack Eskridge and Sid Singer, second class awards; Jay Eskridge, merit badge for music (Loyd Peters who presented the awards, said that young Eskridge needs five more to be a Star Scout and 21 more to be an Eagle Scout.)

Spring Valley Boy Scout Troop 47 held its court of awards Saturday, Nov. 7. Colors were presented by James Lindeneau and Wayne Muzzy. Loyd Peters, District representative, presented the troop charter to Rolan Taylor. Institutional representative, and commended the troop for its good standing.

The following awards were presented: John Skinner, Star Scout badge; Steven Botzer and Douglas Evans, first class badges; Denzil Rexroad, Charles Cobb and Bruce Masse, second class badges; Tom Cady and Clifford Sapienza, Tenderfoot badges; Gary Phillips, one year pin; Butch Takahashi, Clifford Sapienza and Tim Loveland, three year pins; Larry Godley, Tommy Dagner, Wayne Muzzy, Denzil Rexroad and Gregory Nierengarten, four year pins; Douglas Evans and James Taylor, five year pins.

Adults receiving pins were: Frank Hale, five year pin; Jim Godley, four year pin; Howard

Takahashi, Howard Skinner and Louis Loveland, three year pins; Leo Harak, one year pin; Leonard Perkins received his assistant Scoutmaster card.

The following merit badges were awarded: Eddie Rauscher, hiking, woodcarving, camping, cooking and coin collecting; Jas Lindeneau, hiking, cooking, bird study and art; Denzil Rexroad, hiking and cooking; Greg Nierengarten, home repairs; and cooking; Steven Botzer, hiking and cooking; Doug Evans, cooking and hiking.

Butch Takahashi, Citizenship in the nation and hiking; Larry Godley, personal fitness and cooking; John Skinner, cooking and hiking; James Kida, cooking and hiking; Mike Hale, cooking and hiking; David Hale, cooking and hiking; Rick Pedigo, cooking and hiking; Gary Phillips, cooking; Larry Jones, hiking; Don Ross, hiking; James Taylor, hiking; and Tom Horak, cooking.

The many cooking and hiking badges awarded were mainly earned when the Scouts took a 50-mile hike in the High Sierras last August. Films taken on the hike and in camp were shown at the court of honor. The Scouts presented the following men with gifts of appreciation for leadership on the hike:

Jerry Masse, Louis Muzzy and Frank Hale. Adults Leo Horak and Glenn Lindeneau were thanked for taking charge of the Scouts left in camp.

A moment of silence was held in memorial for Duane Watkins, past committeeman, who died on Nov. 7.

PARTNERS — Howard A. Muhleman, left, former San Diego City Attorney, Criminal Division, has formed a partnership with Wayne H. H. H., at 7850 Golden Avenue in Lemon Grove. A coincidence is that the pair had offices together in El Cajon in 1950 when Muhleman accepted the city job. Wayne H. H. H. continued the El Cajon office by himself until he came to Lemon Grove three years ago. Muhleman left the city attorney's office and opened his own office in the Spreckels Building in San Diego. He also ran for judge of the San Diego Municipal Court in 1958. Both H. H. H. and Muhleman attended Balboa University Law School. H. H. H. was graduated from the University of Maine; Muhleman from Ohio Northern University.

cers were awarded their leaders warrants. James Kida was presented with a Scout knife for selling the most tickets to the recent turkey dinner. Mrs. Ross announced that the Women's auxiliary (47 Mothers) would hold a Polyware party Thursday of this week, at the Spring Valley Chamber of Commerce building, 1 to 4 p.m. This is a fund-raising project for the Troop.

SEEKS MATE LATE

Richmond, Va.—When asked if they could locate a woman's missing husband, police inquired: "How long has he been gone?" The unidentified woman rocked them slightly with the answer: "Thirty-four years." She said she plans to re-marry and wants the new marriage to be legal.

155 Free Prizes Offered In Giant Treasure Hunt

33 Downtown Lemon Grove Stores Offer Gifts Just for the Seeking

Lemon Grove will be the scene this weekend of the biggest treasure hunt since someone found a golden doubloon on the beach and thousands of people armed with shovels tore up a thousand acres of sand.

The big treasure hunt in Lemon Grove will be staged in 33 downtown stores which are combining to offer a total of 155 free gifts to the public.

All you have to do to be eligible for one of these gifts is to take this special Value Days newspaper section and match the Lucky Number on it with a number on a piece of merchandises in a store.

If the numbers match, the item is yours.

No questions asked. Nothing to buy. Just find an item in a store and match the numbers.

The special Value Days will be held Thursday, Friday and Saturday.

Here's how the whole thing works:

Each copy of this special newspaper section carries a number in a Lucky Number box.

Assigned Numbers

Merchants have set aside items of merchandise and have been assigned numbers for these items. The merchandise is on display in the store and will remain there until claimed by a customer who has the corresponding Lucky Number from his newspaper.

The value of the gifts ranges from \$2 to \$40.

Part of the fun of the giant treasure hunt will be the scouting through all the stores in downtown Lemon Grove. Some merchants will have one free item to match some Lucky Number.

Other merchants will have many, many items.

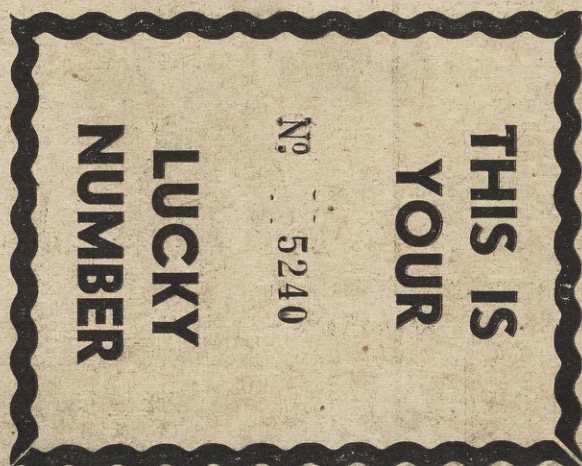

There will be such free gifts as holiday turkey platters for serving that Thanksgiving bird; gift packs of fancy dried fruits for the festive season; a flash camera kit complete with bulbs and accessories; dresses, blouses and skirts from one of the area's fashionable stores;

"Comfy" Items

"Comfy" items for baby such as an infant's sleeping bag, or bunting; an electric razor for Dad or Big Brother; a plate glass mirror for Mom's dressing table; gift certificates which can be used by anyone at all;

Certificates for automobile wheel balancing; retread tires; new shoes for Mom or the kiddies;

A fertilizer spreader so Dad can get the lawn in shape; a travel coffee kit for the family to use on a weekend after Dad gets

tired of shaping up the lawn;

Free dinners at a local cafe; sun glasses; car floor mats; a beverage set; silver candle holders; fancy pen and pencil set for the student in the family;

House slippers; men's sweaters and robes; musical chimes for the home; toy engineer's set; floral centerpiece for the holiday table;

A hat; bags of groceries; a sport coat; table lamps; billfold; table lighter; ladies' clutch bag; a "shoe care bar" and other items.

Match the Numbers

And remember: all you have to do to get YOUR free gift is take this special newspaper section and find the item which has the Lucky Number that matches the Lucky Number in the box in the middle of this page.

Show the merchant your number and he'll give you the gift from his shelf.

And you'll be money ahead no matter how you look at it, because at the same time that this treasure hunt is going on, the merchants will be staging one of the biggest bargain sales in the history of Lemon Grove.

Merchandise will be marked down to "fantastically low" levels in the stores. While you're searching for your free gift, you're bound to see just what you have been wanting to buy—and at just the price (or a little lower) that you figure you ought to pay for it.

So pack the kiddies into the car (you'll find plenty of free parking space in Lemon Grove's business district), take your Lucky Number and get in on the derndest treasure hunt you ever saw.

A list of the stores with Lucky Number gifts is on the front page of this section, alongside the box containing your Lucky Number.

Just take the paper in and find the gift with a matching number.

No questions asked. Nothing to buy. Just find an item in a store and match the numbers.

The special Value Days will be held Thursday, Friday and Saturday.

Merchants have been assigned numbers for items of merchandise which they have set aside on their shelves. The merchandise is on display in the store and will remain there until claimed by a customer who has the corresponding Lucky Number from his newspaper.

The Value of gifts ranges from \$2 up to \$40.

And the shoppers will gain no matter what. As the big "treasure hunt" for the free gifts is going on, the merchants will be staging one of the biggest bargain sales in the history of Lemon Grove.

Prices on merchandise will be marked away down.

There will be plenty of free parking in downtown Lemon Grove, so you'll have no trouble getting to where you want to shop.

Your Lucky Number Might Win One of 155 Free Gifts Offered in Value Days

Throughout the downtown business district of Lemon Grove this weekend, 33 merchants have set aside 155 free gifts totaling a value of \$1,061.81 to be given to customers.

Each free gift has a special number on it assigned by a committee. All the customer has to do with one of these gifts is to match the Lucky Number from the front page of this special newspaper section with the number on a gift.

Some of these prizes are:

Aluminum Ice Bucket — \$3.25; Fertilizer Spreader — \$12.75; Woman's Skirt — \$7.95; Plate Glass Mirror — \$24.95; Electric Razor — \$23.50; Jeweled Sweater — \$12.98; Boy's Car Coat — \$4.99; Camera — \$10.95; Fancy Fruit Packs — \$3.95; Full Case Frozen Orange Juice — \$12.96; Full Case of Coffee — \$18.00; \$1,000.00 Worth of Orange Premium Stamps; Case of Giant Tide — \$7.90.

All you have to do to be eligible for one of these free gifts is take this special Value Days newspaper section and match the Lucky number on a piece of merchandise in a store.

A list of the stores with Lucky Number gifts is on the front page of this section, alongside the box containing your Lucky Number. Just take the paper in and find the gift with a matching number.

No questions asked. Nothing to buy. Just find an item in a store and match the numbers.

The special Value Days will be held Thursday, Friday and Saturday.

Merchants have been assigned numbers for items of merchandise which they have set aside on their shelves. The merchandise is on display in the store and will remain there until claimed by a customer who has the corresponding Lucky Number from his newspaper.

The Value of gifts ranges from \$2 up to \$40.

And the shoppers will gain no matter what. As the big "treasure hunt" for the free gifts is going on, the merchants will be staging one of the biggest bargain sales in the history of Lemon Grove.

Prices on merchandise will be marked away down.
